

Good Night Lullaby

(Based on the tune *Good Night Ladies*)

Personalize the song by changing the name dragons to Good Knight, children, or your child's name.

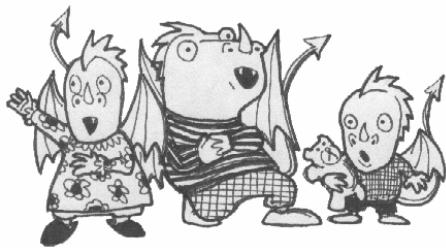

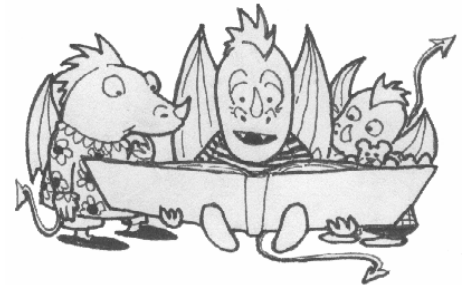

Good night, dragons,
Good night, dragons,
Good night, dragons,
It's time to say good night.

Good night, dragons,
Good night, dragons,
Good night, dragons,
It's time to drink your water.

Good night, dragons,
Good night, dragons,
Good night, dragons,
It's time to read your story.

Good night, dragons,
Good night, dragons,
Good night, dragons,
It's time to sing your song.

Good night, dragons,
Good night, dragons,
Good night, dragons,
It's time to kiss good night.

You can also personalize the song's bedtime routine by adding verses with a different last line. Here are some suggestions:

...It's time to brush your teeth.	...It's time to hug your teddy.
...It's time to wear pajamas.	...It's time to get in bed.
